- 12.3 If Buyer's customer directed, recommended, requested, suggested or otherwise identified Seller as the source from whom Buyer is to obtain the Products: (a) Buyer will pay Seller for the Products only following and to the extent of Buyer's actual receipt of payment from that customer for those goods in which the specific Products are incorporated, and any lengthening of that customer's payment terms to Buyer will automatically lengthen the payment terms as between Buyer and Seller by an identical amount of time; (b) within three business days of any change in price, specifications or other terms negotiated or proposed between Seller and the customer, Seller will notify buyer in writing and will immediately adjust its invoices to reflect any price reduction, provided that no change will be binding on Buyer without Buyer's specific written consent.

13. Subcontractors

If the Seller intends to subcontract all or part of the manufacture of the Products to a third-party subcontractor and to locate Tooling (as defined below) on the subcontractor's premises, the Seller will: (a) inform the Buyer in advance in a Written Notice of the identity of the subcontractor and the location of the Tooling; (b) ensure that the subcontractor is on Buyer's "Approved Vendors List"; (c) obtain the written permission of the Buyer in advance of the Seller's employing the subcontractor; (d) inform the subcontractor in writing that it is a bailee-at-will, through the Seller, of Tooling owned by the Buyer; (e) be solely responsible for payments to the subcontractor; and (f) require from said subcontractor written confirmation that he was remitted with a copy of the foregoing Terms and Conditions and that he undertakes to be subject to same and provide identical representations, warranty, guaranties, remedies, etc. as the ones extended by Seller to Buyer.

14. Duration and Termination of the Order

- 14.1 Duration. The Order shall be effective on the date specified in the Order, or if no date is specified, when issued to Buyer. Unless terminated earlier in accordance with the Terms of the Order:
- 14.1.1 the Order shall terminate on the date specified in the Order; or, if no date is specified, one year from the effective date. The termination date is not extended by an amendment or revision to an Order which does not expressly modify the termination date.
- 14.1.2 the Order will automatically renew for successive one-year periods after the initial term unless Seller provides written notice at least 180 days prior to the end of the current term of its desire that the Order not be renewed.

14.2 Termination by Buyer. In addition to any other rights of Buyer to cancel or terminate the Order, and subject to Section 22, the Buyer may terminate the Order in whole or in part by written notice (a "Termination Notice):

14.2.1 For convenience at any time by not less than three (3) days advance written notice to Seller;

14.2.2 For default, effective upon delivery of the Termination Notice or upon such other date specified by the Buyer in writing. Seller shall be in default if it (i) breaches any warranty or other Term of the Order; (ii) repudiates, breaches or threatens to breach any of the terms of the Order; (iii) fails to deliver, or threatens not to deliver, Products in connection with the Order; (iv) fails to make progress or to meet reasonable quality requirements so as to endanger timely and proper performance of the Order; (v) Seller makes an assignment for the benefit of creditors, or proceedings in bankruptcy or insolvency are instituted by or against Seller; (vi) Seller needs accommodations from Buyer, financial or otherwise, in order to meet its obligations under the Order; or (vii) at any time in the Buyer's sole judgment Seller's financial or other condition or progress on this Order shall be such as to endanger timely performance.

Termination by Buyer shall not relieve Seller of any liability under the Order.

14.3 Termination by Seller. The Seller may terminate this agreement only for non-payment of the purchase price for Products which are thirty or more days past due and material in amount, and then only if: (i) Seller first provides Buyer written notice specifying the amounts past due and (ii) Buyer, within 60 days of such notice, does not either: (x) pay the past due amounts; or (y) notify Seller that the amount claimed to be unpaid is disputed by Buyer. Seller shall terminate under this Section by delivering a written Termination Notice to Buyer. Seller may not terminate or cancel the Order for any reason except as permitted under this Section.

14.4 Seller's Obligations Following Termination

Following delivery of a Termination Notice, Seller shall, unless otherwise directed by Buyer and subject to its obligation to provide Transition Support as provided in Section 14.7:

14.4.1 terminate promptly all work under this Order and transfer title and deliver to Buyer all finished work or materials completed prior to receipt of the Termination Notice;

14.4.2 transfer title and deliver to Buyer all work in process, and the parts and materials which Seller produced or acquired in accordance with the Order and which Seller cannot use in producing goods for itself or for others;

14.4.3 verify/settle all claims by subcontractors for actual costs that are rendered unrecoverable by such termination and provided the recovery of materials in Seller's possession is ensured; and

14.4.4 take actions reasonably necessary to protect property in Seller's possession in which Buyer has an interest until disposal instruction from Buyer has been received.

14.5 Buyer's Obligations Following Termination. Buyer shall pay to Seller in connection with Termination only the following amounts, without duplication, in complete and final satisfaction of any liabilities relating to this Order:

14.5.1 The purchase price for all conforming Products received by Buyer prior to Termination Notice or delivered following Termination Notice under Section 14.4.1; and Section 14.7 or at the direction of Buyer;

14.5.2 if terminated for any reason other than Default by Seller, Seller's reasonable actual cost of: (i) merchantable and useable work- in-process and the parts and materials transferred to Buyer under Section 14.4.2 above (but not to exceed the Order price of the Products had the work been completed); (ii) settling claims under §14.4.3; and (iii) carrying out its obligation under Section 14.4.4.

14.6 Limitations on Buyer's Obligations Following Termination

14.6.1 Buyer's obligations under Section 14.5 are conditioned upon Seller's furnishing to Buyer, within one month after the date of termination (or such shorter period as may be required by Buyer's customer), a termination claim, which will consist exclusively of the items of Buyer's obligation to Seller that are expressly permitted by this Section. Buyer may audit Seller's records before or after payment to verify amounts requested in Seller's termination claim.

14.6.2 Buyer will have no obligation for and will not be required to pay Seller, directly or on account of claims by Seller's subcontractors, for loss of anticipated profit, unabsorbed overhead, interest on claims, product development and engineering costs, tooling, facilities and equipment

rearrangement costs or rental, unamortized capital or depreciation costs, finished goods, work-in-process or raw materials that Seller fabricates or procures in amounts exceeding those authorized in the Material Releases, or general administrative burden charges from termination of the Order, except as otherwise expressly agreed in a separate Order issued by Buyer.

- 14.7 Transition of Supply Following Termination or Expiration. Following expiration or termination of the Order by either party for any reason (including termination by Seller) and notwithstanding any claimed or actual breach of any obligation by Buyer, Seller will cooperate in the transition of supply to a successor supplier (collectively, "Transition Support"), including the following:
- 14.7.1 Seller will continue production and delivery of all Products as ordered by Buyer, at the prices and other terms stated in the Order, without premium or other condition, during the entire period reasonably needed by Buyer to complete the transition to the alternate supplier(s), such that Seller's action or inaction causes no interruption in Buyer's ability to obtain Products as needed;
 - 14.7.2 at no cost to Buyer, Seller will promptly provide all requested information and documentation regarding and access to Seller's manufacturing process, including on-site inspections, bill-of-material data, tooling and process detail and samples of Products and components; and
 - 14.7.3 subject to Seller's actual capacity constraints, Seller will provide special overtime production, storage and/or management of extra inventory of Products, extraordinary packaging and transportation and other special services as expressly requested by Buyer in writing. If the transition occurs for reasons other than Seller's termination for default, Buyer will, at the end of the transition period, pay the reasonable, actual cost of the assistance under this Section 14.7.3, provided that Seller has advised Buyer prior to incurring such amounts of its estimate of such costs. If the parties disagree on the cost of Transition Support, Buyer will pay the agreed portion to Seller without prejudice to Seller's right to seek to recover any disputed amounts.

 - 17.5.1 use, repair and reconstruct the Products in any manner;
 - 17.5.2 to use any additional or background intellectual property owned or acquired by Seller that is necessary or incident to the reasonably intended use or application of the Products.
- 17.6 Seller will ensure that the terms of its contracts with its subcontractors and employees are consistent with the terms of this Section.

16. Proprietary Information

- 19.1 Any information or knowledge which Buyer may have disclosed or may hereafter disclose to Seller in connection with this Order (including but not limited to the Terms of the Order) and any and all services to be rendered and/or work to be performed pursuant to this Order is and shall be deemed confidential and proprietary information of Buyer. However, Seller shall not, without authorization in writing from Buyer, use, communicate or disclose the confidential and proprietary information of Buyer. Seller agrees to safeguard the confidential and proprietary information of Buyer by using reasonable efforts, consistent with those used in the protection of its own proprietary information of a similar

nature, to prevent its disclosure to third parties. Seller agrees to cause its employees, "contractors", officers, directors, agents and representatives to be bound by and comply with the foregoing restrictions regarding the use or disclosure of such confidential and proprietary information. Seller further agrees not to assert any claims with respect to any technical information which Seller shall have disclosed or may hereafter disclose to Buyer in connection with the Products.

- 19.2 The restrictions and obligations of Section 19.1 will not apply to information that: (a) is already publicly known at the time of its disclosure by Buyer; (b) after disclosure by Buyer becomes publicly known through no fault of Seller; or (c) Seller can establish by written documentation which was properly in its possession prior to disclosure by Buyer or was independently developed by Seller without use of or reference to Buyer's information. Notwithstanding anything to the contrary in these Terms, any confidentiality or non-disclosure agreement between the parties that predates the Order will remain in effect except as expressly modified by the Order, and to the extent of a conflict between the express terms of such an agreement and this Section, the terms of that agreement will control.
- 19.3 All documents containing proprietary information relating to the Products produced or acquired by Seller under an Order will belong to Buyer. All drawings, know-how, and confidential information supplied to Seller by Buyer and all rights therein will remain the property of Buyer and will be kept confidential by Seller in accordance with Section 19.1 above.
- 19.4 Seller shall, within five (5) business days of Buyer's request or the expiration or termination of this Order, return all confidential and proprietary information (including all copies, notes and/or extracts thereof).
- 19.5 Seller will ensure that any Third Party to whom Seller subcontracts any of the work hereunder is bound by all of the terms and conditions relating to such work to which Seller is bound under an Order.

17. Insurance; Waiver of Liens

Buyer shall also be shown as an Additional Insured on the Comprehensive General Liability policy reflected on the certificate of insurance if services are to be performed on Buyer's premises. If Seller is self-insured for Workers Compensation coverage, it will, if requested by Buyer, provide the applicable state certificate establishing such status to Buyer. Seller hereby waives all mechanics' liens and claims and agrees that none shall be filed or maintained against Buyer's premises on account of any Products and shall cause all its subcontractors, material men and suppliers (and subcontractors of such parties) to provide similar waivers and agreements in form satisfactory to Buyer.

18. Force Majeure

The change in cost or availability of materials, components or services based on market conditions, supplier actions, labor disruptions or contract disputes will not excuse Seller's performance, and Seller assumes these risks. As soon as possible (but no more than one full business day) after the occurrence, Seller will provide written notice describing such delay and assuring Buyer of the anticipated duration of the delay and the time that the delay will be cured. During the delay or failure to perform by Seller, Buyer may at its option and at Seller's expense: (a) purchase Products from other sources and reduce its schedules to Seller by such quantities, without liability to Seller; (b) require Seller to deliver to Buyer at Buyer's expense all finished goods, work in process and parts and materials produced or acquired for work under the Order; or (c) have Seller provide Products from other sources in quantities and at a time requested by Buyer and at the price set forth in the Order. In addition, Seller at its expense will take all necessary actions to ensure the supply of Products to Buyer for a period of at least 30 days during any anticipated labor disruption or resulting from the expiration of Seller's labor contracts.

Seller further represents that neither it nor any of its subcontractors will utilize child, slave, prisoner or any other form of forced or involuntary labor in the supply of goods or provision of services under this contract. At Buyer's request, Seller shall certify in writing its compliance with this provision. Seller agrees to indemnify and hold Buyer harmless from and against any liability claims, demands, fines, penalties or expenses arising from or relating to Seller's noncompliance. If Seller retains subcontractors to perform work on the Products, the Seller will use only subcontractors that will adhere to the requirements of this Section. The Seller shall monitor subcontractor's compliance. Failure by Seller to adhere to this provision shall be a material breach of the contract and Buyer shall have the right to immediate termination of the contract without liability.

This Order shall be deemed to incorporate by reference all the clauses required by the provisions of said regulations and laws and wherever the term "Contractor" is used in said clauses it will be deemed to refer to Seller.
- 24.1.3 To the extent that any of the Products are to be used by Buyer in connection with its operations, including any activities incidental thereto, Seller hereby certifies and represents that said Products comply with all applicable rules and regulations issued under the Occupational Safety and Health Act (Public Law 91-596).
- 24.1.4 WHMIS, hazard communication labeling and material safety data sheets must precede all shipments of controlled substances.
- 24.1.5 To the extent any of the statutory or regulatory provisions cited above are amended, supplemented or replaced, or additional statutory or regulatory provisions are enacted, Seller's obligations under this Order shall be automatically amended to take the same into account and the Seller Documents shall contain all legends and other disclosures required by the same.

22. Remedies

- 26.1 The rights and remedies reserved to Buyer in the Order will be cumulative with and in addition to all other legal or equitable remedies.
- 26.2 In any action brought by Buyer to enforce Seller's obligations in connection with the production or delivery of Products or transition support, or for possession of property, the parties agree that Buyer does not have an adequate remedy at law and Buyer is entitled to an immediate order for specific performance of Seller's obligations.
- 26.3 Buyer shall recover actual and reasonable attorney's fees (including the cost of in-house counsel) in any action arising out of this Order, unless Seller is the prevailing party.
